

Carbon Steel 0.6mm Thickness Large Round Paper Cutting Machine Blade For Cutting Papers

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Seton
- Certification: CE ISO
- Model Number: Carbon Steel
- Minimum Order Quantity: MOQ 10 Pieces
- Price: Can be discussed
- Packaging Details: 1pc/wrapper, 100pcs/box, 100boxes/ctn, Wooden and carbon boxes
- Delivery Time: 30 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 500 Piece/Pieces per Day

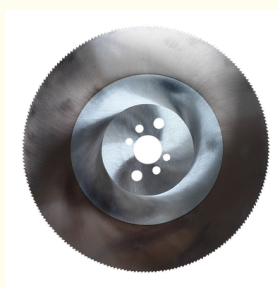

Product Specification

- Product Name: Carbon Steel Large Round Blade For Cutting Papers
- Material: Carbon Steel
- Metal Band Scraper: 1500*150*5/3
- Suitable Machine: 1092 Type
- EP: 1500*90*3
- Blade Thickness: 0.6 Mm
- Max. Cutting Depth: 2.0 Mm
- Hardness: HRC89-91
- Highlight: 0.6mm cutting paper blade, 0.6mm paper cutting machine blade, carbon steel cutting paper blade

Product Description

Carbon Steel Large Round Blade For Cutting Papers

Description:

Here is an overview of paper cutting blades:

1, Blade Shape and Material:

Paper cutting blades typically feature a slim, straight-edged design.

The blades are usually made from high-quality stainless steel.

The cutting edges are specially sharpened to maintain an extremely keen edge.

2, Size Specifications:

Paper cutting blades come in lengths ranging from around 2.5 to 5 inches (6-12 cm).

The blade width is generally between 0.4 to 0.8 inches (1-2 cm).

Different blade sizes are suited for various applications, such as office work or arts and crafts.

3, Usage:

When using a paper cutting blade, it is important to keep the blade perpendicular to the paper surface.

Apply firm pressure to cleanly slice through the material.

Safety should be a priority, keeping the sharp edge away from fingers and other vulnerable areas.

4, Maintenance and Care:

After use, the blade should be cleaned and a small amount of lubricating oil applied to prevent rusting.

Proper storage is essential to avoid damage to the cutting edge from impacts or collisions.

5, Application Scenarios:

Paper cutting blades have widespread use in office settings, arts and crafts, and various DIY projects.

They facilitate the precise trimming and cutting of paper, cardboard, thin films, and other materials.

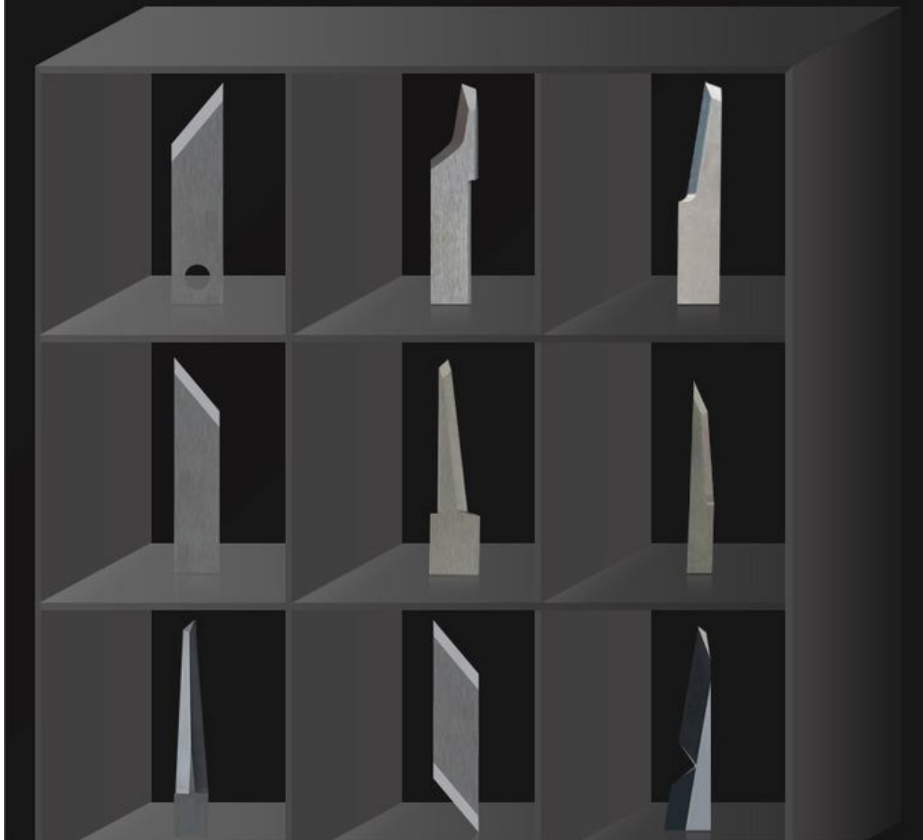

Paper Cutting Blade Specifications:

Product name	Carbon Steel Large Round Blade For Cutting Papers
Material	Carbon Steel
Metal band scraper	1500*150*5/3
Suitable machine	1092 type
EP	1500*90*3
Blade thickness	0.6mm
Max. cutting depth	2.0mm
Hardness	HRC89-91

Picture:

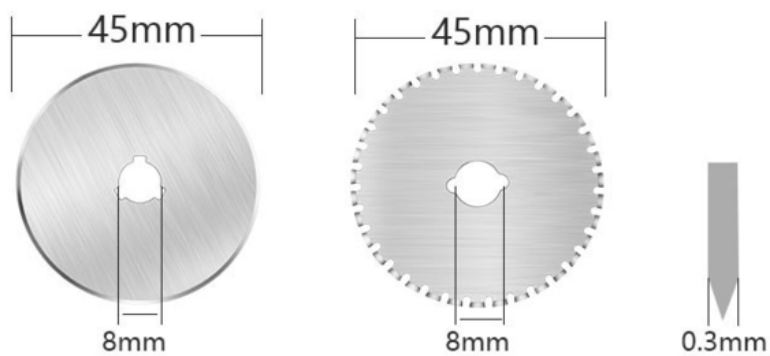

SMALL SHARP BLADES

for cutting various materials

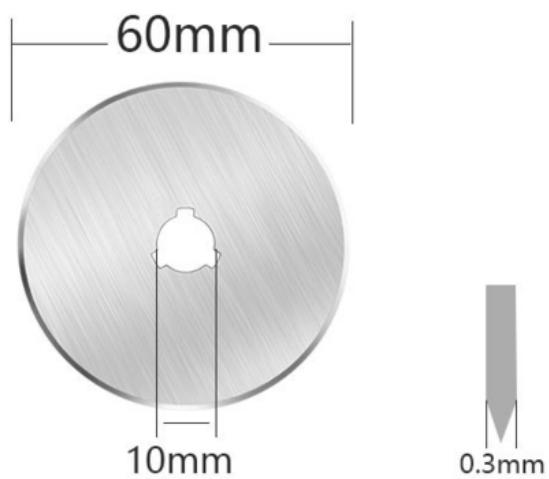

Size:

45mm

60mm

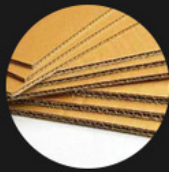

Applications:

Application

cigarette

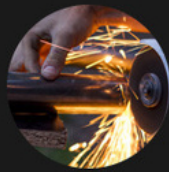

corrugated
paperboard

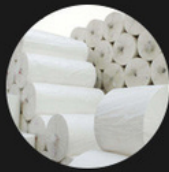

packing&printing

chemical fiber

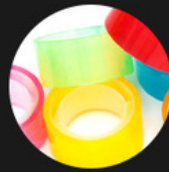

metal slitting

disposable paper

lithium

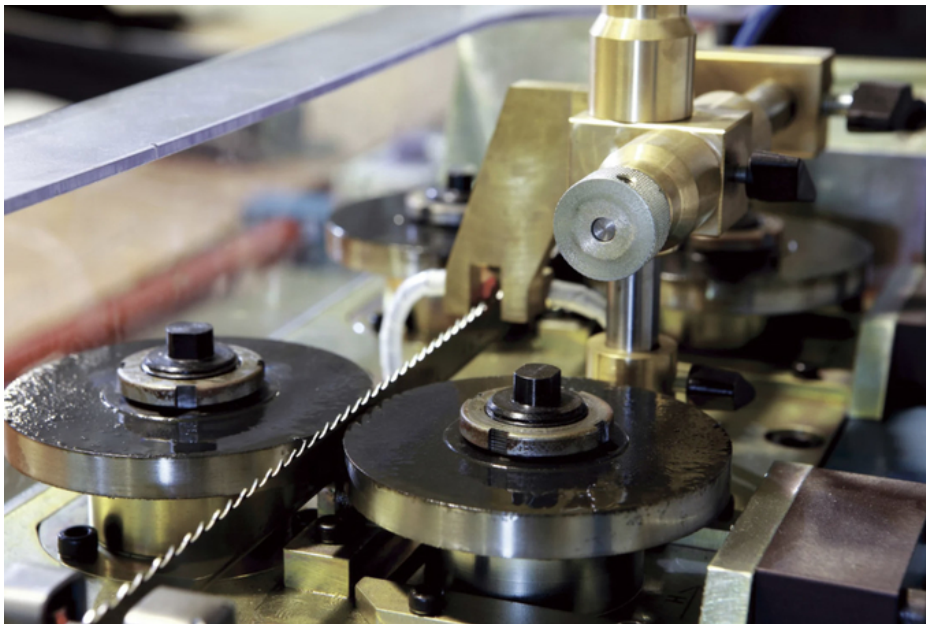

gummed
tape slitting

Company Profile:

Seton Blade has high-quality products and competitive prices in the industry and is loved by customers all over the world. The products have passed CE certification and are produced through the ISO 9001-2015 quality management system.

Seton Blade---15 years of experience in the manufacture of industrial blades

Our mission is simple - make cutting effortless for our clients! To do this we ask questions about your specific application and then listen. Once we understand what you are trying to accomplish, we provide options that best meet your specific needs. we also provide extensive product and deep inventory..
