

Seton Circular knife round cutting blade for printing packaging industrial slitter blade

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Seton
- Certification: CE ISO
- Model Number: Ceramic
- Minimum Order Quantity: MOQ 10 Pieces
- Price: Can be discussed
- Packaging Details: 1pc/wrapper, 100pcs/box,
100boxes/ctn, Wooden and carbon boxes
- Delivery Time: 30 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union,
MoneyGram
- Supply Ability: 500 Piece/Pieces per Day

Product Specification

- Product Name: Industrial Round Blades
- Material: Ceramic
- Hardness: HRC52-76
- Precision: ± 50 Micron
- Length: 250mm
- Width: 20mm
- Thickness: 1.6mm
- Type: Construction Tool Parts
- Highlight: **circular round cutting blade ,
circular round cutting blades ,
printing packaging round cutting blade**

Product Description

Product descriptions from the supplier

Product Description:

The Fante circular knife, also known as a round cutting blade, is a crucial tool in the printing and packaging industries, particularly for slitting applications. Here's a brief overview:

Features of Fante Circular Knife

Design: The circular blade design allows for clean, precise cuts, which is essential in printing and packaging processes.

Material: Typically made from high-quality steel or carbide, ensuring durability and longevity.

Applications:

Used in slitting machines for cutting paper, plastic films, and other flexible materials.

Ideal for applications requiring high-speed cutting and minimal waste.

Sizes: Available in various diameters and thicknesses to accommodate different machines and specific cutting needs.

Advantages

Efficiency: High cutting speed leads to increased productivity.

Precision: Provides consistent cutting quality, reducing the need for rework.

Versatility: Suitable for a range of materials, making it a versatile choice for manufacturers.

Maintenance Tips

Regular Inspection: Check for wear and tear to ensure optimal performance.

Sharpness: Keep the blade sharp for clean cuts; dull blades can cause damage to materials and machinery.

Storage: Store blades properly to prevent damage and corrosion.

Using the right circular knife can significantly enhance the quality and efficiency of slitting operations in the printing and packaging industry.

Product Name	Round cutting blade
Application	Sheet metal,paper,wood,rubber,leather,food,plastic etc.
Material	9CrSi, 6CrW2Si, H13, H13 , SKD11, LD, D2 and etc.
Hardness	52-60 HRC
Delivery Time	7-15 working days

Application:

Production Process:

Factory Profiles:

FACTORY SHOW

We have more than 20 years of experience in the production of mechanical cutting tools
